DIZZINESS IS ANNOYING

As Many Arcadia People Know Too Well.

When the kidneys are weak or diseased, they fail behind in filtering the blood of poisons. As these poisons attack the nerves, the result is felt in spells of vertigo, just as drunkenness will make a man dizzy from the poisoning of alcohol. Dizziness, headache, backache and irregularity of the kidney secretions are all signs of weak or diseased kidneys, and should not be neglected. Use Doan's Kidney Pills, the home endorsed kidney remedy. Read this Arcadia resident's statement:

J. C. Smith, prop. transfer company, residing on Polk Ave., Arcadia, says: "I suffered from disordered kidneys and was obliged to pass the kidney secretions every little while. Dizzy spells came over me and at times my back pained me so badly I couldn't do any kind of work where it required stooping. I was not getting better, and finally began taking Doan's Kidney Pills. They brought me satisfactory results, and I have several times told others about them."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Smith had. Foster-Milburn Co., Props., Buffalo, N. Y.

HIS FIRST THOUGHT WAS ABOUT WIFE

AFTER ANDES HELPED HIM GET WELL

Was Anxious That She Should Take It Too

If you want to interest a man, tell him something he can do that will better the condition of his wife and family.

Some men are hard-hearted and selfish, but the good fortune is that they are few and far between. When G. C. Garner, of the French Avenue, Birmingham, Ala., realized that Andes was doing him good, his first thought was of his wife. He wanted her to take Andes, too.

"I have been troubled with my stomach for six years," said Mr. Garner. "It affected me with indigestion, heart-aches and biliousness. My liver became congested and my tongue coated. I had offensive breath and was badly constipated."

"I despaired of ever regaining my health. I could not sleep well at all without pain, and that was about to make any man nervous. I had hardly enough strength to go to work."

"When taking Andes I feel like a different person. My skin, which used to be yellow as a pumpkin, has turned to a healthy color. Andes has taken all the poisonous matter out of my system and injected new life into my veins. I can eat and sleep as well as I ever did in my life."

"Andes helped me so much that I had my wife begin to use it also. You ought to see the change in her. Why, it is wonderful! Her friends are asking every day what brought about the wonderful change in her position."

Andes' Prescription, so highly recommended by Mr. G. C. Garner, 715 2nd Ave., Birmingham, Ala., is now on sale in Arcadia by Arcadia Drug Store, the exclusive agents.

A group of popular young men left late yesterday evening for the lakes. They will go to Lake Pearl where they will stay for a while before going to Lake Childs and Lake Swains. Vera Foley, Newton Forrester, N. Coker, Eddie Houston and Paul Kinsey composed the camping party.

IN HONOR

Of the 50th Wedding Anniversary of Mr. and Mrs. Smedley.

Saturday afternoon a large number of ladies, members of the various Sunday school classes of the Methodist church, gathered at the home of Mr. and Mrs. C. S. Smedley on North Hillsborough avenue, to spend the afternoon with them. The occasion was a surprise party given to this aged couple who on Saturday had been married just fifty years, and the purpose of the gathering was to celebrate that event. Mr. and Mrs. Smedley knew nothing whatever about the party until the ladies stepped up on the porch with their arms loaded with many kinds of refreshments. That their many friends remembered Mr. and Mrs. Smedley's wedding anniversary has caused great joy in the hearts of this well known couple, who have battled through life together for the past half century. Their joy was shown by the happy smiles of each during all Saturday afternoon. The following ladies were appointed by the different classes of the Sunday school to arrange the details for the much enjoyed event: Mrs. J. O. Bickley, Mrs. Will Scott and Mrs. Jake Newsome.

BAY COUNTY'S PRIMARY.

The Pilot has heretofore referred to the trafficking in votes in this county in the recent primary, voting under threats of loss of position, the placing of large sums of money where it would do the most good, but the climax of the iniquities connected with the boasted purity of the primary, came with the stealing of tow of the ballot boxes from the room of the registration officer, after they had been delivered to the canvassing board.

This tampering with the ballot, the last resort of the people to secure their rights, the indifference and griping by which the act is approved of by a large number of the people of Bay county, betokens a most lamentable condition of the public conscience and is highly detrimental to the best interests of the county, and damaging to the state at large.—Panama City Pilot.

WILLIAM HOOKER BUYS A FINE PLANTATION

James P. Martin, candidate for state senator in the recent primary, has sold his fine plantation near Seffner, one of the finest places in Hillsborough county, to William Hooker of Arcadia, known as one of the great kings of south Florida, and Mr. Hooker will take possession at once. The price paid was \$110,000 cash.

There are 1,000 acres of land in the plantation, known as the Fertile Valley Ranch, and better known to all timers in the county as the old William Henderson stock farm. It is located a mile north of Seffner, and with five lakes on the place, is one of the prettiest places in the county. Mr. Martin had it in a high state of cultivation and general development, and the price paid for it is by no means regarded as high. In fact, Mr. Hooker is generally thought to have secured a fine bargain.

The place will make 7,000 bushels of corn this year, something that will come as a good deal of a surprise to the people who have always insisted that corn could not be grown in this country. In addition it is generally good for 30,000 crates of oranges, and has fine buildings.

Mr. Hooker, who has always been known as a cattle man, proposes to stock it with fine cattle and to operate it as a stock farm. He will produce beef and milk for the Tampa market, and sees every reason for being satisfied with his deal. He will put in some thoroughbred stock and will do much toward raising the standard of stock in this section.

Just what Mr. Martin will do is not yet prepared to state. It is possible that Mr. and Mrs. Martin and their flock of ten children will move to Tampa, and friends of "Doc Jim" will hope that may prove his plan.

He is largely interested in phosphate mines and lands in this and adjoining counties, owns large tracts of land in Manatee and Hillsborough counties in addition to the one he has just sold, and will find plenty to be in attending to his many properties.—Tampa Times.

DIXIE HIGHWAY COUNCIL ORGANIZED

The organization of the Dixie Highway Council took place this afternoon in the lobby of the Arcadia House. Only matters relating to the organization of this body were acted upon. Ed. Scott, of this city, chairman of the state highway department, was elected chairman, with Captain J. Roe, vice-chairman, and W. E. Dewey, secretary and treasurer. The above named officers, together with D. L. Smith and Ira J. Johnson, constitute a board of governors. The purpose of this organization is to have the State Dixie Highway Association represented in DeSoto county. The council will see to it that the road mapped out by the state organization for this county are placed according to official routing. By having the council to represent our section, DeSoto county is pretty sure to be on the route of the national Dixie Highway.

Does it pay to license a traffic which consumes many times as much revenue as it yields?
